We're excited to introduce the irresistible range of Desing's caramel sauces – each crafted to bring a unique twist to your desserts, coffee, and culinary creations. Let's take a look at the distinctive flavors we've perfected for every caramel lover!

Caramel Sauce

Our signature caramel sauce is a harmonious blend of smooth cream, caramelized sugar, and a hint of vanilla. Perfect for drizzling over ice cream, pastries, or fresh fruit, this classic sauce captures the timeless taste of caramel in its purest form.

Salted Caramel Sauce

Adding a pinch of sea salt to caramel creates an unforgettable balance of sweet and savory. Our salted caramel sauce elevates desserts, pancakes, and coffee, delivering a depth of flavor that keeps you coming back for more. It's indulgent, addictive, and the perfect complement to both sweet and savory dishes.

Toffee Sauce

For those who crave a nutty, buttery twist, our toffee sauce is the ultimate choice. With a deeper caramelization process, this sauce offers a luxurious, velvety texture and a rich, roasted caramel flavor. It's wonderful over pound cakes, cheesecakes, or even added to hot beverages.

Butterscotch Sauce

Combining butter, brown sugar, and cream, our butterscotch sauce offers a unique depth and warmth. The notes of molasses give it a cozy, nostalgic flavor that pairs perfectly with apple desserts, ice cream, and even oatmeal. It's the comforting taste that feels like a warm embrace.

Dulce de Leche

This Latin American classic brings a creamy, milk-forward richness that's subtly sweet and absolutely delicious. Our dulce de leche sauce is crafted with care, resulting in a caramel sauce that's perfect for dipping, drizzling, or enjoying straight from the spoon. It's an ideal pairing for cakes, waffles, and more!

Each Desing caramel sauce is crafted with the highest-quality ingredients, ensuring an indulgent experience in every bite. Whether you're a fan of the classic caramel or looking to explore bold, complex flavors, there's a sauce for every taste.
