

A gift made of cheese!

# DESING CHEDDAR

Specially developed for professionals in the HoReCa sector, Desing's cheddar sauce is made from real cheddar cheese.

By tempering the bottle for half an hour at room temperature, the product becomes ready for use.

 **Desing**

Desing's cheddar sauce is suitable both as a topping and as a dipping sauce in dishes such as:

- Burgers
- French fries
- Tortillas
- Savory waffles
- Sandwiches
- Burritos
- Nachos

The non-return dispensing caps on the 830 g bottles prevent contamination of the cheddar sauce and make dosage control easier.

Suitable for use in:

- Restaurants
- Bars
- Fast-food kiosks
- Movie theaters

For information about the possibilities of producing cheddar sauce under your private label, please contact our sales team by sending a message through the contact form on our website. For any additional details, we remain at your disposal.
